Date Due: 1/9/2025

RFPs Received: 4

Firms that Responded: Applied Research Associates, Inc. (ARA); IMS Infrastructure Management Services; Silent Falcon UAS Tehcnologies; Transmap Corporation

The selection criteria and weightings for project selection are indicated below.

- Firm Experience (20%). The entity’s general experience, stability, and experience on projects similar to the one under consideration.
- Technical Approach (30%). Project understanding and the entity’s approach to the planning, organizing, execution and management of the project effort.
- Schedule (20%). Quality of the entity’s schedule, including how expeditiously the work can be completed realistically.
- Value (30%). The costs for this project will vary depending on the firm’s approach, data collection methodology and proposed pavement management software. This category will weigh the value of the services proposed with the cost provided. This category will be reviewed last.
