

Dear Aurora Youth Council,

My name is Britany Chavarria Perez and I'm a student at East Aurora High School. I'm part of the EAHS NJROTC program in which I got a rank of a Senior Chief Petty Officer and I'm the CEO of the PT team. I'm also a student athlete; I play WR and Corner for the varsity football team and this winter season is going to be my second year being part of the Varsity girls Wrestling team. When I'm not doing sports, I'm also part of my school's Honors Vocal Assemblé (choir) and the weightlifting club during spring season. I know I just talked a lot about the activities I like to do for fun but I'll also like to point out my GPA of 3.8 with all honors classes and a few AP classes as well. Although my schedule is already pretty tight, if you guys give me the opportunity I'll love to be part of the Aurora Youth Council and help be part of the activities of this great town. I'm not too familiarize with what you guys do but what I do know is that you guys help provide leadership opportunities for all the young people who want it and help them succeed. I'll love to have the privilege to be part of the Aurora Youth Council and help motivate and give my peer teenagers the opportunities they need to do what they love and succeed with it. I'll also love to help them understand that they can do whatever they want and succeed on it with dedication and discipline.

Thank you for your time,
Britany Chavarria Perez
