Aurora, IL 60507

**RE: T-Mobile proposed Alternative Tower at the West Aurora High School Football Field –
Affidavit for co-location**

Aurora Planning Department,

This is in response to your May 21st letter reviewing our Special Use request and your question below:

1. **Provide a letter certifying which permits from other franchises are required by law for the construction and/or operation of the facility, a copy of all said permits shall be submitted prior to the Site-Specific Permit being issued.**
 1. **This document should specifically state whether any additional permits will need to be submitted for review from a separate entity.**
 2. **If it is anticipated that no additional permits will need to be submitted, this should be clearly stated in the provided letter.**

Besides the City of Aurora zoning and building permits, no other permits are required.

Sincerely,

Ray Shinkle
