Ref: Two (2) Chip Dump Trucks

Joe,

I have put together both the rental schedules for the two chip dump trucks and the AT40-G with cab guard. Please see below. Both of these schedules allow for 2 cycles of 100% of rental credit being applied back to the purchase price of the units. These are all brand new units that will be coming to the City of Aurora un-used by anyone else prior. Please let me know if you may have any questions on this information.

1. 2015 Ford F750 Chip Dump rental schedule:
