CITY OF AURORA         )

**QUALIFYING STATEMENT AND PETITION TO THE CITY OF AURORA FOR  
DEVELOPMENT APPROVAL**

**THE UNDERSIGNED** Petitioner, Bridge Street Properties, LLC (hereinafter the “Petitioner”), respectfully submits this petition to the City of Aurora (the “City”) for approval of: (i) a Final Plan and a Final Plat of Subdivision for Eola Preserve Subdivision; and (ii) approve such other relief from the City of Aurora’s Municipal Code (“Code”) as may be deemed necessary and appropriate to develop the Property consistent with the plans submitted herewith.

**BACKGROUND INFORMATION**

1. The Owner of the Property is Auril Broadcasting LLC, a Delaware limited liability (the “Owner”).
2. The contract purchaser and Petitioner herein is Bridge Street Properties, LLC, an Illinois limited liability company.
3. The existing land uses surrounding the Property are as follows:
  - i. North: PDD Vacant Land/ Wetland
  - ii. East: PDD Single Family Homes and Apartments
  - iii. South: PDD Apartments
  - iv. West: PDD Townhomes
4. The Property consists of approximately twenty-two (22) acres and is located west of Eola Road and where the WBIG-AM Aurora radio station is currently located.
5. Only approximately 10 acres of the Property is developable due to the location of jurisdictional wetlands (“Developable Property”).
6. The Developable Property was zoned R-4A and the remainder of the Property was zoned OS-1 by the City of Aurora (“City”) pursuant to Ordinance No. 024-093 passed on

December 10, 2024 (“Eola Preserve Ordinance”).

7. The Eola Preserve Ordinance also granted approval of a conditional use for a planned development to permit a 54-unit Townhome community to be known as “Eola Preserve”.

8. The City passed Resolution No. R24-404 on December 10, 2024 approving a Preliminary Plat and Plan for Eola Preserve Subdivision for the Property.

9. Petitioner now seeks approval of a Final Plat and Plan for Eola Preserve Subdivision.

### **PROJECT DESCRIPTION**

Petitioner proposes to develop the Property as a fifty-four (54) unit townhome community to be known as Eola Preserve. Access to the community will be via Old Eola Road to the east, with a new public road that circles through the development. The layout of the subdivision is efficient and will minimize long-term public infrastructure costs. The development will consist of 13 two-story townhome buildings with a combination of 3, 4, and 5-unit buildings featuring traditional American architecture. The elevations incorporate a brick wainscot with traditional lap siding and a board & batten detail that will add to the architectural interest. The base floor plan is approximately 1,800 square feet and features an open floorplan consistent with market trends. However, sunrooms and habitable attics with roof terraces will be offered as add-on options for Buyers, and which will increase the size of a unit to nearly 2,500 square feet. The sunroom and the habitable attic option are unique elements that will help to distinguish this community from other townhome options in the City. The development will be governed by a Homeowners Association (the “HOA”) which will own and maintain the stormwater detention basin and the common areas around each of the dwelling units. Petitioner believes that the development will further the objectives of the City’s comprehensive plan by supporting varying unit types, sizes,

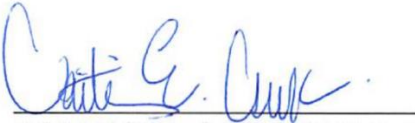

styles and price points for different housing needs.

**WHEREFORE**, by reason of the foregoing, the undersigned Petitioner requests approval of (i) a Final Plan and Final Plat of Subdivision for Eola Preserve; and (ii) such other relief as may be required by the City as may be deemed necessary and appropriate to develop the Property consistent with the plans submitted herewith.
