Northern Lights Development Corporation is a 501(c)(3) non-profit organization whose mission is to foster the development of affordable housing communities for families of low and moderate income. Northern Lights is the project sponsor for the proposed Fourteen Forty-Nine Senior Estates Phase 2 development.

Fourteen Forty-Nine Senior Estates Phase 2 is a planned 50-unit independent rental senior living community for those 62 years and older to be built on vacant land located at 1522 Jericho Circle.

The project proposes new construction of duplex and triplex homes of which 43 units will feature one-bedroom and 7 units will feature two-bedroom homes. The total project cost is approximately \$23,700,000.

Each home will be built to environmental standards certified through USGBC Leed Platinum. Each home will include energy star rated in-unit washer & dryer, stainless steel refrigerator and range. Each home will include resilient hard surfaces, hard wire for internet and cable connections, ceiling fans with light kits and attached garages. The exterior of each home will include premium vinyl siding with brick accents.

The development will enrich the diversity of housing choices in the neighborhood and contribute to the health, welfare, and safety of the residents. Homes will feature doorbell security systems to improve the safety of the neighborhood. The site includes walking paths, expansive green areas, and bench seating.

The surrounding area offers several amenities including Aurora Housing Authority central office - the property manager of Fourteen Forty-Nine Senior Estates Phase 2, a senior clubhouse, Westwood Park and several local retailers and small shopping districts. To the west, sit single family homes and Aurora University Spartan Athletic Park. The property values of the immediate area will not be negatively impacted by the development. The construction value of the new homes is projected to exceed \$317,125 per unit.
