

**INTERGRAPH** Pricing for Aurora IL - Enterprise Resource Planning (ERP) and Computer Aided Dispatch/Records Management System (CAD/RMS)  
 City of Aurora, IL - Request for Proposal 15-33  
 Intergraph Proposal Log #: 15-00013  
 Valid through 12/13/2015

CAD			US\$	US\$
Item Description By Functional Use	Purpose/RFP Requirement	Qty	Unit Price	Total Price
<b>PRODUCTION ENVIRONMENT</b>				
<b>CAD Database Server #1</b>				
I/Executive High Availability (IPS0001HA)	Monitors CAD system transactions. Includes ANI/ALI	1	\$ 73,459	\$ 73,459
<b>CAD Archive Server</b>				
I/Backup - No Cost License (IPS0035NC)	Facilitates backup of the CAD database to this tertiary server	1	included at no additional cost	
<b>CAD Web Application Server</b>				
I/NetViewer - 50 concurrent users (IPS0042b)		1	\$ 55,650	\$ 55,650
I/NetDispatcher - 5 concurrent users (IPS0045)		1	\$ 27,825	\$ 27,825
<b>Business Intelligence Direct Server</b>				
Business Intelligence Direct for CAD Bundle - 10 NUL (SBND3081L)	Appendix C.2, CAD-2, CAD-3, CAD-4, CAD-113, CAD-174	1	\$ 18,000	\$ 18,000
<b>Interface / Communications Server</b>				
ANI-ALI (Included with I/Executive)	From City of Aurora RFP Final, Section G Future Purchases and Development-Public Safety, Item W Automatic Number Identification/Automatic Location Identification	1	included at no additional cost	
Master Clock Interface		1	included at no additional cost	
ProQA Interface (Included with I/Executive HA)		1	included at no additional cost	
inPURSUIT - Link (RMS0030)		1	included at no additional cost	
I/Informer (IPS0004)		1	\$ 24,486	\$ 24,486
Custom Services for I/Informer to LEADS/NCIC (IPSCADCUST-IPS0004-A)	From Appendix C2 Public Safety Requirements, Numbers QU-10; QU-11	1	\$ 36,525	\$ 36,525
Custom Services for I/Informer inPURSUIT RMS Client Server to LEADS/NCIC (IPSCADCUST-IPS0004-C)	Appendix C2 Public Safety Requirements; RMS-21; RMS-175; RMS-181; RMS-183; Number Jail J-10; Jail J-28: QU-6; QU-7; QU-9; QU-16; QU-19 through Q-25; QU-28	1	\$ 14,610	\$ 14,610
Custom Services for I/Informer Query interface to FIREHOUSE FireRMS (IPSCADCUST-IPS0004-D)	Intergraph provided	1	\$ 7,305	\$ 7,305
Custom Services for I/Informer Nested/Cascading Query Support (IPSCADCUST-IPS0004-E)	Aurora, IL RFP matrix requirements: Appendix C2, Queries tab, item QU-3	1	\$ 14,610	\$ 14,610
Custom Services for I/Informer Query ability for a legacy MPI (IPSCADCUST-IPS0004-F)	Aurora, IL RFP requirement: Appendix C2, Queries tab, QU-13:	1	\$ 14,610	\$ 14,610
I/Informer for inPURSUIT RMS (IPS0004RMS)		1	included at no additional cost	
I/Page (IPS0012)	Aurora, IL RFP. RFP Appendix G – Integration Requirements, B. Public Safety, page 76, item 1.41. - SMTP ( lamResponding)	1	\$ 22,260	\$ 22,260
I/FRMS-CADlink (IPS0048-1)	Firehouse - Intergraph provided	1	\$ 11,130	\$ 11,130

**INTERGRAPH** Pricing for Aurora IL - Enterprise Resource Planning (ERP) and Computer Aided Dispatch/Records Management System (CAD/RMS)

**Notes:**

1. Customer-provided hardware must comply with the technical specifications included in this proposal.
2. An overall system discount has been provided for this opportunity. Changes to scope of the final contract may change the discount amount. Also, any credits given for line items as part of a Change Order will include a reduction for the line prorated amount of the one-time system discount. Items removed after contract signing will result in a contract credit for future Intergraph software and services being established, not a contract reduction. This discount is based on the acceptance of Intergraph's standard Terms and Conditions.

CAD			US\$	US\$
Item Description By Functional Use	Purpose/RFP Requirement	Qty	Unit Price	Total Price

3. Unless otherwise noted, project management services, implementation services and software maintenance ARE NOT included in option pricing. Intergraph services are valid for 6 months and Intergraph product pricing is valid for one year after contract signing. Pricing for optional third party products and services are valid for 90 days from the date on this pricing proposal. Intergraph can provide a fixed quote when optional items are selected.
4. Pricing is valid for 180 days from date of submission.
5. Intergraph requires remote access to the customers' servers to complete the effort as quoted.
6. Sales tax is not included in this quote. Final sales tax billed will reflect the applicable tax rates at time of sale as required by law.
7. Pricing contained herein is premised upon the Extended Warranty for each Subsystem commencing upon applicable Subsystem Cutover.
8. Test and Training interface licenses are available for all proposed interfaces. However, implementation is subject to customer's ability to provide connection to the applicable system
9. Test and training licenses must be used for testing and training only. Intergraph allows no-cost training to be conducted on a combined Test/Training Server for a maximum of 30 days per year. Software price and maintenance are \$0. Note that this does not apply to OS and DB licenses.
10. The Test Environment has been configured for functional testing only and would need to be sized the same as the production environment if the Customer desires the ability to perform load testing.
11. BI warranty begins upon shipment of the software (not upon cutover).
12. First year maintenance begins at subsystem cutover.
13. If available, third party hardware procured by Intergraph is provided with a pre-paid 5-year pass-thru-warranty from the original manufacturer. The warranty for third party hardware commences on the date the hardware is shipped to the customer. Third party hardware warranties begin earlier than the commencement of Intergraph's first year of maintenance or Extended Warranty, which begins at Subsystem cutover. Accordingly, Intergraph's quoted maintenance prices may not include the price for third party hardware warranty coverage if Intergraph has provided three or more years of Extended Warranty/maintenance pricing. Most third party hardware manufacturers consider the hardware to be at its "end of life" after five years. At the end of the third party warranty period, the customer may purchase additional warranty coverage, if available, at then current prices or procure replacement hardware since the original hardware is at its "end of life."
14. Deccan Quote is valid for a period of 180 days from the RFP due date. If an extension is granted, this quote will remain valid for a period of 180 days from the extended due date. LiveMUM User Licenses are based on concurrent usage. User Licenses may be used in either a training, test or disaster recovery environment; the only limitation being that ONLY up to 6 User Licenses may be used concurrently at any given time. Warranty is for one year, to commence upon acceptance of LiveMUM. Additional maintenance after the warranty period is available directly from the Deccan and will be billed to the customer annually.
15. I/Deccan interface requires the customer to purchase the 3rd party product Deccan LiveMUM Product
