

July 29, 2025

Five Eight Group is a woman owned small business based in Arizona. Since 2014 we have specialized in providing unique solutions to the law enforcement community and passing along techniques learned while conducting thousands of apprehensions of violent criminals.

Our instructors are subject matter experts who possess extensive real world experience built from decades of tracking fugitives, locating missing persons and analyzing location data.

We utilize state of the art technology in our expert witness casework, building an easy to understand presentation and testimony of your digital evidence to assist the trier of fact.

We sell the Rohde and Schwarz radio frequency drive and walk survey tools for investigative use. Our customer support is second to none as we provide one expert who will deal with your agency for training, support and warranty items.

The expert for this RFP will be Michael Pezzelle.

I spent fifteen years with the Mesa Police Department with a focus on Gang Investigations and Fugitive Apprehension, developing an expertise in electronic surveillance, while working on specialized task forces with both the FBI and US Marshals.

I have taught more than 80 classes on cellular technology, mapping and analytics using various different software mapping programs. I have helped develop and support real time tracking software while working hundreds of exigent cases, assisting agencies by using call detail record analysis and real time location information to find missing persons, locate fugitives and recover evidence.

I have performed casework and testimony as an expert witness for courts across the United States. I use a TSMA6B FR1 radio frequency tool on the cases I work and present this evidence in court. Our training curriculum is based on those experiences with courts and agencies across the country.

Five Eight Group's focus is to provide dedicated service to our customers and our team experience in continuous real world application of these tools is unparalleled.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Michael Pezzelle", written in a cursive style.

Michael Pezzelle
