**RE:** Purchase of a 400 hp deep well motor from Layne Christensen Company for the Water Production Division

I, David E. Schumacher, being duly sworn on oath do hereby state:

1. The Water Production Division seeks to purchase a 400 horsepower deep well motor from Layne Christensen Company.
2. The motor will serve as a critical spare should an existing 350 or 400 hp deep well motor fail, facilitating the timely return to service of the well to help insure continuous, reliable water service to customers.
3. Layne Christensen Company, Aurora, IL is the sole regional factory authorized source for sales and service of Flowserve-Byron Jackson pumps and motors utilized by the Water Production Division.
4. Affiant believes Section 2-335 (a) (3) of the Aurora Code of Ordinances is therefore applicable for this purchase.

Further Affiant sayeth not.
