

Swati Singh

Assistant Teacher

I am an assistant teacher at Aurora Montessori School for the past 2 years and I love what I do in the school. I am passionate, driven person who wants to do my part to make the world better place.

I was born in India, after marriage moved to USA and have been living in Chicago for the past 21 years. I moved to Aurora city in the year 2009. I cannot think of moving to any other city as I am very used to the four seasons of Midwest.

I have two kids, Age 8 and 15. They mean the world to me. When they are around, I feel like everything is possible.

My interest hobbies are cooking, gardening and travelling. In my spare time, I would spend much of time with my family.

My lifetime motto has always been to help others without any reason and give without the expectation of receiving anything in return.

My future goal is to work in the field of mental awareness, autism awareness so that they are given equal opportunities in the field.
