Subject: Traffic Study for 118 Evens Avenue

Eric,

I received a call regarding parking issues from the owner of the rental home at 118 Evens Ave. His claim is that that vehicles are parked on too close to NWC of Evens and Hamilton Evens restricting the view of motorists traveling south on Hamilton on to Evens. The owner has requested either yellow curb or a sign to help with site distances at this corner. I would appreciate you looking into this for me.

Thanks,

Bill
