 ) ss.  
COUNTY OF KANE )

AFFIDAVIT

re: NTI Technologies, Inc. (NTI) Joint OnLight Aurora, Kane County, City of Aurora  
Fiber Infrastructure Build - 2015

I, James Dahl, Director of Management Information Services, being duly sworn on oath do hereby state:

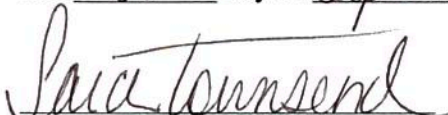

1. NTI is the standard optical fiber vendor for the City of Aurora and Kane County, Illinois.
2. Kane County and OnLight Aurora have received a quote from NTI, Inc. in the amount of \$180,000.00 for fiber infrastructure build, of which \$48,880 will be the City of Aurora's portion.
3. By the MIS Division combining its fiber build with that of OnLight and Kane County, the City of Aurora will realize significant savings.
4. The MIS Division, Public Works Department, and Public Properties Department are in need of performing fiber and wiring closet upgrades at the Route 59 train station.
5. The MIS Director estimates that additional build costs will be \$81,700 for Route 59 fiber infrastructure upgrades.
6. Without joining the Kane County/OnLight project such upgrades are not possible.
7. There are funds available in MIS Division account 340-1232-419.73-86.
8. Therefore, the product/service desired is provided most efficiently and economically by Cisco Systems, Inc. and Sentinel Technologies, Inc., and failure to act promptly may likely result in a substantial increase in cost thereof to be borne by the city.

Further affiant sayeth not.

  
James Dahl, Director  
Management Information Services
