Re: O'Reilly Auto Parts
1435 East New York Street
Aurora, IL

Qualifying Statement (2-1):

O'Reilly Auto Enterprises, LLC is petitioning to rezone the property at 1435 East New York Street from B-B Business Boulevard to B-2 General Retail with a Special Use for a Planned Development and approval of a Final Plan and Plat for an O'Reilly Auto Parts store. Deviation from the full Landscaping requirements at the perimeter of the site and the detention basin is requested. Landscaping is proposed that adequately screens the building and parking and compliments the character of the neighboring developments.

Public health, safety and welfare will be enhanced as this project will develop a site that is currently unused. A new building will replace the existing vacant building, and the new site will create landscaping and development that enhances and benefits the community. Neighboring developments will not be negatively impacted by this store as its style and use are similar to what was previously in operation. Property values could be increased due to the new development.

Given the retail development surrounding the site, a new O'Reilly Auto Parts is in context of new growth to replace a store that has gone out of business. The nature of this building is similar to what is existing.

Utility connections are being completed with available lines and the site includes a detention basin to capture required stormwater and prevent overflow to adjacent sites.

The new drive access will be in a similar location as the existing drive access, and traffic should not be negatively impacted as this is a retail use in a surrounding retail area.

The site design, including grading and stormwater, is designed to work with all applicable codes and ordinances. A deviation from the landscaping ordinance is requested due to the nature of the site compared to the proposed development.
