SUBJECT:

An Ordinance Designating the City of Aurora River Vine Tax Increment Financing District Redevelopment Project Area.

PURPOSE:

The River Vine Tax Increment Financing District ("TIF District") is being created to support the Windfall development at 309 N River Street. Staff has been working with our consultants, Ryan, LLC (formerly known as Kane, McKenna and Associates), and Elrod Frieman LLP to assist with the creation of the TIF District. The Ordinances create the TIF District that will support the Windfall residential apartment development, as approved by the City Council in a previously approved Redevelopment Agreement in 2022.

BACKGROUND:

The subject parcels are located within the City’s Downtown Fringe area, generally bordered on the south by Cedar Street (as extended east to the Fox River), on the east by the shores along the Fox River, on the north by a certain park land owned by the Fox Valley Park District, and on the west by River Street. Currently, parts of the proposed TIF District is located within the City’s existing TIF # 5. The area location along the Fox River has been identified by the Downtown Master Plan as a focal point part of the “heart of Downtown” and is part of an area desired as a “vibrant designation with

mixed use development, family friendly activities and nightlife entertainment”.

Constructing a new multi-family residential development on the banks of the Fox River in Downtown Aurora, particularly near the Aurora Transportation Center, has been a consistent recommendation of numerous City long-range planning documents for decades. Combined with the recommendations of the Downtown Housing Study (2019), the growing demand for rental housing, the redevelopment of long vacant historic buildings in the Downtown, and the recent completion of the new Pedestrian and Bicycle Bridge, the time for implementing the City’s vision is here.

DISCUSSION:

Attached to the Ordinance is the TIF District Redevelopment Plan prepared by Ryan, LLC, that guides improvements, activities, and projects within the TIF District in order to stimulate private investment, along with a map and legal description of the TIF District. Designating a TIF District will allow the City to collect and use incremental property taxes in support of redevelopment efforts over a period of up to 20 years.

IMPACT STATEMENT:

Staff anticipates that the TIF District, and the associated redevelopment activities therein, will increase the City’s overall tax base, by facilitating investment and development, which will offset any incidental Department or staffing impacts.

RECOMMENDATIONS:

Staff recommends the approval of the ordinance designating the City of Aurora River Vine Area Tax Increment Financing District Redevelopment Project Area.
