**FROM:** Deborah Lang, Assistant Corporation Counsel  
Alex Voigt, Deputy Chief of Staff

**DATE:** October 25, 2023

**SUBJECT:**  
Amending Chapter 47 entitled "Trees Shrubs and Weeds" of the Code of Ordinances.

**PURPOSE:**  
To update the section of the code that governs trees, shrubs and weeds.

**BACKGROUND:**  
The City of Aurora's grant writer found a grant opportunity through the 2023 Inflation Reduction Act for Urban and Community Forestry Grants in April of 2023. The grant outlined several areas the city as well as the city's Tree Board had identified as future priorities including:

- Tree inventory
- Increase equitable access to urban tree canopy and associated health, environmental and economic benefits
- Broaden community engagement in local urban forest planning
- Improve tree resilience

**DISCUSSION:**  
The specific requirements of the grant application highlighted a number of deficiencies in the city's code governing trees as well as an outdated and underutilized Arboricultural Specification Guide. The

Tree Board convened and agreed to support the grant application, which would include updating the code and manual and the eventual creation of an Urban Forest Management Plan.

The first two, the code as well as the manual existed, but were outdated. Members of the Tree Board volunteered to work on updates, which were then taken to the board for review. The draft Chapter 47 before the Council today is the result of months of work by these volunteer members as well as the Law Department and Mayor’s Office. Following the approval of the Chapter 47 updates as well as the Arboricultural Manual, the Tree Board will work on the creation of an Urban Forest Management Plan.

**IMPACT STATEMENT:**

The passage of these ordinance updates will have a positive impact on the city.

**RECOMMENDATIONS:**

Staff respectfully requests passage of this ordinance.
