**DATE:** October 13, 2023

### SUBJECT:

This section should contain a short, clear statement of your request and a date by which approval is needed. List ward # and alderman if appropriate. (E.g. "Requesting approval to expand the number of available liquor licenses by one for XYZ Store." -or- "Requesting review of recommendations in response to citizen request for a traffic light at Stolp/Downer. - Ward1/Bohman).".

### PURPOSE:

This amendment removes parking on the parkway during a snow event.

### BACKGROUND:

In the past, during a snow event, residents were allowed to park in the parkway/right-of-way portion of the roadway. This does not allow for efficient snow removal and may cause damage to the City's buffalo box if a vehicle is parked on the infrastructure.

### DISCUSSION:

The amendment will assist streets in snow removal and also protect city infrastructure from potential damage from parking vehicles in the parkway during a temporary snow event.

### IMPACT STATEMENT:

A possible impact to the community is one less spot to park during a snow event when the driveway is already full. The city is continuing to look at other alternatives. Allowing parking on the parkway

during a snow event may possibly cause damage to the City's buffalo box and may impede snow removal from the roadway.

**RECOMMENDATIONS:**

We request the proposed ordinance be enacted.
