**FROM:** Simon Rodriguez, Youth Services Manager

**DATE:** 3/8/2022

**SUBJECT:**

Resolution to extend the agreement with Cities in Schools (formally Communities in Schools) of Aurora to serve as Third Party Administrator for Summer Youth Programs in 2022 for an amount not to exceed \$194,000.00..

**PURPOSE:**

Since 2010, the City has utilized Cities in Schools (CIS) as a Third Party Administrator (TPA) for summer and youth development programs. CIS has strong partnerships with School Districts 131, 129, 308, and 204, as well as many youth-based organizations. These relationships serve CIS well with respect to managing these programs. The agreement with CIS needs to be extended in order to continue with the planning process to be able to provide summer camps and programs by the start of summer break. This agreement is for one additional year.

**BACKGROUND:**

The cost for proposed services is \$194,000.00. The proposed agreement is the similar to the 2020 summer. The 2022 proposal includes 4 educational summer camps, 1 drama camp, and field trips for all summer camp sites run by the school districts and the park district. The locations of these sites

have been determined in conjunction with the school districts. Cities in Schools continues to provide quality service, conduct satisfaction surveys with parents and stakeholders, make necessary changes to their programs based on responses from the community, as well as provide an informative annual report to the City of Aurora.

**DISCUSSION:**

This proposal is beneficial for the City, at a time where our Youth Services department does not have the staff, resources, and budget to provide this service "in-house." The City continues to evaluate the mix of "in-house" staff support/administration with the \$194,000 budgeted for contractual administration. For additional enrichment programs, supplies/curriculum, trips, staff, longer/full-day camps, and students, we will continue to pursue grants and donations to provide additional funding for our third party contracts to sustain our summer programs. Youth Services will contract directly with program providers for the enrichment component for the summer programs, and will also be monitored by the Youth Services Manager. Site visits will be made to all program sites. CIS will provide a report at the end of the season. A copy of the 2021 report is attached.

This service was not formally bid. Per the attached memo, CIS has been a strong partner and the only organization that has been able to provide the comprehensive services the City needs to run camps.

The 2022 budget account number 101-1370-440.32-20 has \$194,000 for these services.

**IMPACT STATEMENT:**

No impact on the public, other departments/divisions, or technology. Since there programs have been outsourced to CIS, the City has not been involved in the hiring process, payroll function, logistics, staff training, and other functions. This change has reduced the amount of time required by payroll and human resources staff.

**RECOMMENDATIONS:**

I request the proposed resolution be adopted."
