**DATE:** April 22, 2022

**SUBJECT:**

A Resolution Approving a Revision to the Preliminary Plan and Plat for Lot 2 of Liberty Street Business Park Subdivision, located at the southern end of Wolverine Drive, and establishing Lots 1-21 of Liberty Meadows Subdivision (PT Land, LLC - 22-0224 / NA19/1-22.067-Rz/CUPD/Ppn/Psd - JM - Ward 7)

**PURPOSE:**

The Petitioner PT Land, LLC is requesting approval of a Preliminary Plan and Plat Revision for Lot 2 of Liberty Street Business Park Subdivision, located at the southern end of Wolverine Drive, and establishing Lots 1-21 of Liberty Meadows Subdivision for a Row Dwelling (Party Wall) (1130) Use which includes the development of 91 townhome units and associated stormwater facility.

**BACKGROUND:**

The Subject Property is currently vacant land with ORI (C) Office, Research, and Light Industrial

District zoning.

The Petitioner is requesting approval of a Preliminary Plan and Plat Revision for Lot 2 of Liberty Street Business Park Subdivision and establishing Lots 1-21 of Liberty Meadows Subdivision for a Row Dwelling (Party Wall) (1130) Use. The details of the request include developing 91 townhomes and associated detention. Wolverine Drive will be extended from its current dead-end south and east onto the site and ends with a circular turnaround. A westbound left turn lane will be added on Liberty Street at Wolverine Drive. The details of the request include the development of 18 buildings with rear-loaded garages containing a total of 91 units on 15.66 acres. The units range in size from 1,760 square feet to 2,080 square feet and contain three bedrooms. The buildings are 2 ½ stories in height in the front and 3 stories in the rear. Each unit has a two-car garage and two-car driveway with visitor parking available on the street. The homes sit perpendicular to the extended Wolverine Drive with private drive aisles extending from the road to the rear loaded garages. A sidewalk will be added on both sides of the road within the development. To the north of the townhomes will be the stormwater detention for the site. The plans includes connecting their watermain along the west property line to offsite watermain within a city easement on Legacy Fields.

The Plat includes the creation of Lots 1-21 of Liberty Meadows Subdivision with associated easements.

Concurrently with this proposal, the Petitioner is requesting the Establishment of a Conditional Use Planned Development, and to change the zoning district from ORI (C) Office, Research, and Light Industrial District with a Conditional Use to R-4A (C) Two-Family Dwelling District and OS-1 (C) Conservation, Open Space, and Drainage District with a Conditional Use Planned Development. The details of the request include a Plan Description that outlines specific requirements and allows modifications for the R-4A parcel, including setbacks, separations, density, and cul-de-sac length to allow for the development of 91 townhomes. The second parcel will have an underlying zoning of OS -1 for the stormwater detention facility. The developer will be responsible for reimbursing the city for work done to Wolverine Drive and to extend a sidewalk on the west side of Wolverine Drive to Liberty Street.
