DATE: November 6, 2019

SUBJECT:

Introduce an Ordinance Designating the City of Aurora River Benton Tax Increment Financing District Redevelopment Project Area.

PURPOSE:

The River Benton Tax Increment Financing District ("TIF District") is being created to support the 80 S. River development at 80 S. River Street. Staff has been working with our consultants, Kane, McKenna and Associates, and Klein, Thorpe and Jenkins, Ltd to assist with the creation of the TIF District. The Ordinances create TIF District, some of the revenues of which will support the 80 S. River development, as approved by the City Council in a Redevelopment Agreement on March 12, 2019.

BACKGROUND:

The TIF District is generally located east of North River Street, west of the Fox River, north of West Benton Street and south of West Downer Place. The TIF District includes the 80 S. River development, which will be rehabilitated into twenty-one (21) market rate residential units and approximately 20,000 square feet of office/retail space, 8,000 of which will be sold to Kluber, Inc. an Illinois corporation.

DISCUSSION:

Attached to the Ordinance is the TIF District Redevelopment Plan prepared by Kane, McKenna and

Associates that guides improvements, activities and projects within the TIF District in order to stimulate private investment, along with a map and legal description of the TIF District.

Designating a TIF District will allow the City to collect and use incremental property taxes in support of redevelopment efforts over a period of up to 23 years.

Key steps in the process of approving this TIF District include:

- Approval of a contract with Kane McKenna and Associates to prepare the TIF District Eligibility Study and Redevelopment Plan and Project
- Publication of the TIF Interested Parties Registry Notice on July 22, 2019
- Introduction of the announcement of the availability of the Kane McKenna and Associates Eligibility Study and Redevelopment Plan and Project to the Finance Committee on July 11, 2019
- Introduction of the announcement of the availability of the Kane McKenna and Associates Eligibility Study and Redevelopment Plan and Project to the Committee of the Whole on July 16, 2019
- Announcement of the availability of the Kane McKenna and Associates Eligibility Study and Redevelopment Plan and Project by the City Council on July 23, 2019
- Introduce Ordinance calling for Joint Review Board meeting and public hearing relative to the Eligibility Study and the Redevelopment Plan and Project to the Finance Committee on July 25, 2019
- Introduce Ordinance calling for Joint Review Board meeting and public hearing relative to the Eligibility Study and the Redevelopment Plan and Project to the Committee of the Whole on August 6, 2019
- Adoption of Ordinance calling for Joint Review Board meeting and public hearing relative to the Eligibility Study and the Redevelopment Plan and Project by the City Council on August 13, 2019
- Mailed copies of the Ordinance to affected taxing districts and the Illinois Department of Commerce and Economic Opportunity on August 15, 2019
- Mailed notice of availability of the Eligibility Study and Redevelopment Plan and Project to all residential addresses within 750' of the TIF District on August 15, 2019
- Held a Joint Review Board meeting on September 5, 2019
- Published notice of the Public Hearing on September 19 and 26, 2019
- Mailed notice of the Public Hearing on September 26, 2019
- Introduce Public Hearing to the Finance Committee on September 26, 2019
- Introduce Public Hearing to the Committee of the Whole on October 1, 2019
- Hold Public Hearing before the City Council on October 8, 2019
- Introduce Ordinance removing certain properties from Downtown TIF District No. 1 necessary to create the TIF District to the Finance Committee on October 10, 2019
- Introduce Ordinance removing certain properties from Downtown TIF District No. 1 necessary to create the TIF District to the Committee of the Whole on October 15, 2019
- Adopt Ordinance removing certain properties from Downtown TIF District No. 1 necessary to create the TIF District by the City Council on October 22, 2019
- Publish and mail notices of adoption of Ordinance removing certain properties from Downtown TIF District No. 1 necessary to create the TIF District to the Finance Committee on October 30, 2019.

IMPACT STATEMENT:

Staff anticipates that the TIF District, and the associated redevelopment activities therein, will increase the City's overall tax base, by facilitating investment and development, which will offset any incidental Department or staffing impacts.

RECOMMENDATIONS:

No action is required, this is an introduction to an Ordinance that will be approved at a later date. This

is for informational purposes only.
