DATE: May 12, 2020

SUBJECT:

A Resolution to Award the Contract for the 2020 City Wide Street Resurfacing Project to Geneva Construction Company, P.O. Box 998, Aurora, IL 60507, in the amount of \$8,815,500.00 and to Appropriate Motor Fuel Tax funds in the amount of \$6,707,300.00 for Section No. 20-00000-01-GM.

PURPOSE:

To award the Construction Contract for the 2020 Resurfacing Project and the appropriation of Motor Fuel Taxes (MFT) by Illinois Department of Transportation (IDOT) Resolution.

BACKGROUND:

The City maintains nearly 1,300 lane miles of streets with a pavement wearing surface life expectancy of 20 to 25 years. This Construction Contract includes the resurfacing of 59.1 lane miles of streets throughout the City. In 2019, the City resurfaced 59.7 lane miles.

DISCUSSION:

Bids were opened and publicly read on February 26, 2020. The bid tabulation for the 2 bids received is attached as Exhibit 'A'. The lowest responsible bid was submitted by Geneva Construction Company of Aurora, IL in the amount of \$8,815,500.00 which is 4.12% less than the Engineer's Cost Estimate. A copy of the submitted bid is attached as Exhibit 'D'. Geneva Construction Company is IDOT Certified and has previously completed work for the City of Aurora on a number of resurfacing projects. We recommend awarding the 2020 Street Resurfacing Projects to Geneva Construction

Company for the unit prices submitted.

Due to the funding source, the local preference ordinance does not apply.

In addition to resurfacing, this work includes ward projects in wards 4, 5 and 9. It also includes paving of the alley by the old Masonic Temple site which will be paid for out of risk management funds.

As previously presented to the council, we are anticipating lower revenues for the year due to the COVID-19 pandemic and will need to modify our expenditures accordingly. Engineering has been working closely with the Finance Department to determine exactly what the financial impact to the resurfacing program will be this year. Based on these discussions and projections, at this time we are anticipating that we can spend \$7,052,400.00 of the \$8,815,500.00 low bid amount.

Staff has developed a revised program that will fit within these parameters. The revised list of streets to be resurfaced and other city wide road projects are shown in the attached Exhibit 'B', along with the original program for reference. Under this revised program, 46.0 lane miles of the 59.1 lane miles shown in the contract will be resurfaced. Geneva Construction Company will be instructed to initially start constructing only the revised list roadways. As the program continues through the year, staff will evaluate the City's finances to determine if it will be possible to construct any of the other roadways not on the revised list, or if they will be delayed until a later program.

IDOT requires city council appropriation of Motor Fuel Taxes prior to expenditure of funds. The IDOT Resolution appropriating MFT funds in the amount of \$6,707,300 for Street Maintenance is attached as Exhibit 'C'.

The 2020 City Budget provides funds for this project in the following accounts, which totals \$7,052,400.00 and not the low bid amount of \$8,815,500.00:

Motor Fuel Tax	203-4460-431.76-09	\$ 6,707,300
Ward #4 Projects Fund	314-4460-431.38-55	20,000
Ward #5 Projects Fund	315-4460-431.38-55	32,600
Ward #9 Projects Fund	319-4460-431.38-55	102,300
Water & Sewer - Sanitary Sewer	510-4063-511.73-14	160,200
Prop & Casualty Insurance	601-0000-410.40-78	30,000

A budget amendment or transfer will need to be processed to increase the Motor Fuel Tax portion from \$3,600,000 to \$6,707,300.

IMPACT STATEMENT:

Construction is expected to begin in May and be substantially completed by October. Each street will be under construction for 8 to 10 weeks and will have some impact to local traffic.

RECOMMENDATIONS:

Please forward this resolution to the City Council for their review and recommendation for approval.

CITY OF AURORA, ILLINOIS
