SUBJECT:

An Ordinance Amending the Annual Budget for the Fiscal Year Beginning January 1, 2020 and Ending December 31, 2020 (Amendment #1 for the 2020 Fiscal Year)

PURPOSE:

To obtain the City Council's approval of a proposed amendment to the 2020 City Budget.

BACKGROUND:

Pursuant to 65 ILCS 5/8-2-9.1 through 9.10, the City of Aurora operates under the budget system of government finance. The City Council adopted the 2020 budget on December 10, 2019 through the passage of Ordinance No. O19-092.

While the city attempts to anticipate all potential expenditures for a fiscal year when that year's budget is developed, circumstances occasionally arise that require expenditures that were not contemplated in the original financial plan. 65 ILCS 5/8-2-9.6 permits a municipality operating under the budget system to amend its annual budget by a two third's vote of its governing body.

The COVID-19 Pandemic and civil unrest incidents presented unique challenges to resource

allocation (budgeting) throughout the fiscal year. Some funds such as Motor Vehicle Parking System and Transit were hit very hard by the pandemic and other funds such as the General Fund and Water Funds weathered the pandemic in a stable fashion. The following information explains how each account/fund is amended to show changes in revenues and expenses to account for such items as the receipt of CARES Act Funding and the necessary usages of this funding both in the General Fund and through subsequent transfers to other funds that required support due to lost revenues in fiscal year 2020.

DISCUSSION:

The attached, proposed ordinance, including its Exhibit A, would provide for certain changes in the 2020 City Budget. Below is an explanation for each change. The item numbers discussed below correspond to the item numbers assigned to each change detailed in Exhibit A.

Item 1: Grants-Local Government/Cares Act, General Fund (Revenue Increases of \$11,000,000). These items adjust the budget to account for the COVID-19 grant funding from the Cares Act.

Items 2 and 22: Grants/Other, General Fund (Offsetting Revenue and Expenditure Increase of \$1,000,000). These items adjust the budget to account for the COVID-19 grant for winterization and expansion for capacity at Hesed House.

Items 3 and 23 through 30: HOME Program (Offsetting Revenue and Expenditure Increases Totaling \$2,251,000). These items adjust the budget for the actual annual HOME Program allocation to the city. At the time the 2020 budget was prepared we did not have final allocation information. The amounts included in the original 2020 budget reflected only an estimate of the allocation.

Items 4 and 31 through 34: ESG Program (Offsetting Revenues and Expenditures Increases Totaling \$902,100). These items adjust the budget for the COVID-19 CDBG funding allocation to the city.

Items 5 and 35 through 41: Block Grant Fund (Offsetting Revenues and Expenditures Increases Totaling \$1,870,200). These items adjust the budget for the actual annual CDBG Program allocation to the city. At the time the 2020 budget was prepared, we did not have final allocation information. The amounts included in the original 2020 budget reflected only an estimate of the allocation.

Items 6 and 43: Economic Development, TIF #14 Lincoln/Weston Fund (Offsetting Revenue and Expenditure Increases \$1,500,000). These items are associated with the old Copley redevelopment project.

Items 7 and 44: Economic Development, TIF # 4 Bell Gale Fund (Offsetting Revenue and Expenditure Increase of \$29,200). These items adjust the budget for the payment of an economic development agreement.

Items 8 and 47: Economic Development, Business District Tax Fund (Offsetting Revenue and Expenditure Increase of \$97,800). These items adjust the budget for the actual revenue received for the newly created business district and the payment of an economic development agreement.

Items 9 and 49: Route 25 Transit Center, 2017 GO Bond Fund (Offsetting Revenue and Expenditure Increase of \$506,000). These items adjust the budget to account for the grant received for the pedestrian bridge /Route 25 capital project.

Items 10 through 13 and 50 through 59: Debt Service Fund (Revenue increase of \$923,200 and Expenditure Increase Totaling \$757,000). Items 10 through 13 and items 50 through 53 are offsetting for the adjust to the library's general obligation bonds (\$923,200). Items 54 through 59 adjust the budget to reflect the removal of the 2009A and 2009B principal and interest payments and adding the 2019 bond principal and interest payments. In 2019 the Series 2009A and 2009B bonds were refunding by the 2019 GO bonds. The 2020 budget was completed before the 2019 GO Bond issue.

Items 14 and 18: Transfer from General Fund to MVPS Fund (\$400,000). These items provide resources to the MVPS fund to cover costs and loss of revenue due to the Covid-19 pandemic.

Items 15 and 19: Transfer from General Fund to Transit Centers Fund (\$1,100,000). These items provide resources to the MVPS fund to cover costs and loss of revenue due to the COVID-19 pandemic.

Items 16 and 21: Transfer from General Fund to Employee Health Insurance Fund (\$1,000,000). These items provide resources to the Employee Health Insurance Fund to cover costs for health insurance.

Items 17 and 20: Transfer from General Fund to Water and Sewer Fund (\$1,000,000). These items provide resources from the Cares Act funding to the Water and Sewer Fund to assistance with COVID-19 delinquencies.

Items 42: Economic Development, TIF #13 River/Galena Fund (Expenditure Increases \$14,000). These are associated with the Hobbs redevelopment project. (Consulting Fee)

Items 45 and 46 Economic Development, TIF #8 Fund (Expenditure Increase of \$347,600). The first item is for the TIF redistribution and the other item is for an economic development agreement.

Item 48: SSA#24 Eagle Point Fund (Expenditure Increase Totaling \$5,400). This item adjusts the budget to account for additional expenditures during 2020.

Item 60: Fire Pension Fund (Expenditure Increase Totaling \$560,100). This item adjusts the budget to account for pensions during 2020 that were higher than expected.

Item 61: Police Pension Fund (Expenditure Increase Totaling \$520,000). This item adjusts the budget to account for pensions during 2020 that were higher than expected.

If the proposed budget amendment is approved, budgeted expenditures in the 2020 budget will increase from \$462,178,913 to \$476,039,313. Amended revenues for the 2020 budget will increase from \$436,172,284 to \$459,751,784. As such, no additional tax dollars or revenues collected at a local level were changed/increased to financially manage through the pandemic through the end of 2020. Further, actual expenses in 2020 based on unaudited numbers are \$185,725,476 in the General Fund, which is \$14,358,696 below the amended budget and total expenses across all City funds are \$359,315,609 which is \$116,723,704 below the amended total budget of \$476,039,313.
