File #: 20-0273, Version: 1

TO: Mayor Richard C. Irvin

FROM: Timothy Forbes, Superintendent of Streets

DATE: 4/30/2020

SUBJECT:

A Resolution Authorization the Purchase of Bulk Rock Salt in the Amount of \$81.13 Per Ton for the 2020-2021 Winter Season from Compass Minerals America Inc. Overland Park, Kansas

PURPOSE:

To obtain City Council approval for the purchase of bulk rock salt in the amount of \$81.13 per ton from Compass Minerals America Inc. for the Division of Street Maintenance under the DuPage County Joint Purchasing Agreement Bid for the 2020-2021 winter season.

BACKGROUND:

The bulk rock salt is used to melt snow & ice from City streets, making safe for vehicular traffic. We will be dividing our road salt purchase again this year between DuPage County Department of Transportation and the State of Illinois. By dividing our road salt orders between two government agencies soliciting bids, we hope to have two different suppliers. This will provide alternate source of salt deliveries should one of the two providers be unable to make timely deliveries.

DISCUSSION:

The City anticipates purchasing from Compass Minerals America Inc. Approximately 8,500 tons (53% of the City's annual order) of bulk rock salt for the 2020-2021 winter season. This is a favorable price per unit compared to the Last Years IDOT quote from the State. The City will not order any salt until this fall as our current storage is full. This will preserve cash flow over the summer

Local preference does not apply since we are participating in a Joint Bid through DuPage County.

\$900,000 has been budgeted for this expense in the 2020 using account 203-4460-431.65-32.

IMPACT STATEMENT:

Road salt improves driving conditions for vehicular traffic.

RECOMMENDATIONS:

The City Council approves the purchase of bulk road salt in the amount of \$81.13 per ton from Compass Minerals America Inc. Overland Park, Kansas for the Division of Street Maintenance under the DuPage County, Department of Transportation bid.
